

BAPO 2019 CONFERENCE

HARROGATE

15-17 MARCH

CALL FOR POSTERS

In addition to the clinical programme BAPO will again run its popular poster competition.

This will continue the clinical theme of Conference and is an opportunity to share research, case studies and new techniques with colleagues without the stress of having to stand up and speak to a large audience.

Submissions will be divided into four categories: -

- **Prosthetists/Orthotists**
- **Technicians/Assistants**
- **Students**
- **Other**

Best poster in each category will be awarded £100, with a bottle of bubbly to the runners up. This is kindly sponsored by The Charlie McLaughlin Fund

A detailed guide and example is available from the Conference section of the BAPO website or from the Secretariat on request.
