

Wednesday 22 January 2020

13:00 – 14:00

AWI Webinar

Through the content of PowerPoint slides, Cesar Rodriguez will aim to offer a refresher of the main clinical issues around the Adults with Incapacity (Scotland) Act 2000 as well as around capacity assessment.

Important points to remember regarding different parts of the Act relevant to clinical practice will be discussed (such as how and when to use the legislation) and time will be given for Q&A.

How to register – please click here:
