

Job Advert - Orthotic Technician

Allard UK is a leading manufacturer and supplier of superior quality orthotic products to both the UK and International market. We are very proud of the products that we have developed over the years and how they have made very real and positive differences to the lives of patients, by providing them with "Support For Better Life".

With a culture of continual improvement and a strong focus on producing high quality custom orthotic products in our manufacturing facility in Dundalk, Ireland, Allard UK would like to recruit an experienced Orthotic Technician to help us move to the next phase of our development in terms of our custom orthotic manufacturing capabilities.

As a key member of the manufacturing team, you will be involved in the manufacture of our custom made spinal and other orthotic products to exacting specifications, with a focus on both quality and efficiency. The role will also encompass an element of product/project development in various projects that we are currently undertaking, both internal expansion plans and also in conjunction with key customers.

We are looking for an individual with a minimum of two years experience of working as an Orthotic Technician in a fast moving and busy workshop environment.

A competitive remuneration package is on offer and will be commensurate with the experience and capabilities that the successful candidate brings to the role.

The role is located in our facility in Dundalk, Ireland, and reports to the Technical Manager.

To apply, please email an up to date CV, to info@allarduk.co.uk, for the attention of Mr. Peter Roe.

Closing Date: 8th April 2022
