

## 2 x Prosthetic Technician Apprentices

We are pleased to announce two exciting new opportunities for Prosthetic Technician Apprentices to join Pace Rehabilitation Ltd. One position is available at our Southern Clinic in Amersham, Buckinghamshire and the other in our clinic in Stockport, Manchester.

The roles involve working in a busy workshop, manufacturing prosthetic and orthotic devices. The ideal candidate will need to be able to communicate effectively, enjoy developing hand skills, be driven, confident and caring to supplement our clinical and technical teams.

Pace Rehabilitation Ltd is a leading independent provider of multidisciplinary rehabilitation services related to mobility. Many of our patients have suffered limb loss. We have two clinics in the UK that have grown steadily since the company was established in 2003. Our new team members will be committed to producing high-quality devices that will make a substantial difference to our patients' quality of life.

### Essential job functions:

- To train as a prosthetic manufacturing Technician, undertaking a training programme of academic study and workshop practical work.
- Observing and learning a wide range of manufacturing skills and processes while under the instruction of skilled technical staff. This includes processes such as:
  - Plasterwork
  - Vacuum forming of thermoplastics
  - Composite lamination
  - Assembly of modular components
  - Production of cosmetic covers
  - Programming of microprocessor-controlled components
  - Safe use of a variety of hand tools and machines.
- To develop workshop administration skills. This includes completion of job charts ensuring traceability of all critical components together with associated stock control procedures.

### Essential responsibilities & course entry requirements:

- The post holder will be expected to complete a Level 3 Prosthetic/Orthotic Technician Apprenticeship programme starting in May 2022 through blended learning, combining face-to-face and online learning along with on-the-job training. The course usually runs over 18 months.
- 5 GCSEs (or equivalent) at grades A-C or 4-9, to include Mathematics and English.
- Learning and understanding the importance of Health and Safety in the workplace.
- To learn how to use and maintain workshop equipment.
- To maintain a learning portfolio over the duration of the apprenticeship period, recording jobs completed and skills learnt.
- To learn how to maintain good housekeeping within a workshop environment.
- To maintain smart appearance, act in a professional manner and work as part of a team at all times.
- To learn how to work to a Quality Management System ISO13845 for Medical Devices.
- To perform any other duties appropriate to the post holder.

To apply, please email your CV to Ankita Mistry: [amistry@pacerehab.com](mailto:amistry@pacerehab.com) / Jonathan Musson: [jmusson@pacerehab.com](mailto:jmusson@pacerehab.com)

If you have any queries regarding these roles, please call on 01494 790490.

**Closing date for applications: 1st April 2022**

Salary in line with UK Government Apprenticeship wage rates and is based on age and time on programme.
