

We have 2 new and exciting opportunities at Steeper!

Senior Private Prosthetist - London

Delivering first class prosthetic care, the LPC attracts patients from across the UK and from around the world, receiving referrals from a variety of sources such as medico-legal, self-funding and embassies for international patients.

As our Senior Private Prosthetist, you will be required to deliver the highest standards of treatment across a range of amputation levels, both Upper and Lower extremity. Experience of working with high end componentry is essential to meet the needs and expectations of the private caseload.

The role will require flexibility from the successful applicant in order to constantly ensure the needs of the patients and the service are met and exceeded.

Growing the reputation of the service through positive patient experience is a key responsibility of the senior Prosthetist role.

This is a demanding position, working in a fast-paced environment so applicants need to be commercial, proactive, and have excellent problem solving and communication skills.

In addition to this you'll also need to: (this list is not exhaustive)

- Cast and rectify models in a timely fashion using both traditional methods and CAD/CAM where appropriate.
- Maintain excellent knowledge of most appropriate components
- Work as part of a multi-disciplinary team to ensure the most appropriate and effective treatment for patients.
- Identify, in conjunction with the Clinical Director, Business Manager and other prosthetic staff, service developments and/or improvements to ensure first class care at every contact.

Excellent communication skills are essential as you will be expected to develop strong working relationships with the team, the patients, and bring in business. The successful candidate will not only be clinically, but also commercially aware, demonstrating the ability to balance clinical and business need. Responsibilities will also include networking with other professionals and providing in-house training presentations to raise awareness of our skills and services.

In return, Steeper will provide an extremely competitive salary package for the right applicant.

For more information or informal discussion, please contact belinda.smart@thelondonprosthetics.com

Applicants must be HCPC registered and preferably members of BAPO.

Closing date - 10th June 2022

Clinical Manager - The Royal National Orthopaedic Hospital (Stanmore)

This role is ideal for a motivated and ambitious clinician with experience of managing a clinical team, or a clinician keen to take steps into a management position. The Prosthetic Clinical Manager will provide day to day management of the clinical team at the RNOH.

Our service provides care to a large and diverse caseload of patients with upper and lower extremity limb difference, both acquired and congenital. RNOH is one of only 5 designated UK centres specialising in treatment of sarcoma and there is a referral pathway from Great Ormond Street Children's hospital which all leads into a unique case mix of patients attending the PRU.

The Clinical Manager will be responsible for the effective and efficient running

of prosthetic clinics on a daily basis, being highly involved with NHS clinical and medical staff, while managing a team of Prosthetists and managing their own caseload of patients (including complex). The successful candidate will therefore need to be organised, hardworking and extremely passionate about what they do.

Steeper provide a dynamic working environment where we support frontline staff to implement improvements so that we can realise our vision of being world leaders in prosthetic rehabilitation. We aim to provide the best patient care and staff experience alongside delivering world leading research, a strong foundation of education and high quality training and career progression.

If you would like to work with the largest group of Prosthetists and Orthotists in the country, then please apply by sending your CV to hr@steepergroup.com. For further information on these exciting positions please visit our [website](#) ,or contact Ian Rodger (Director of Prosthetic Services) ian.rodger@steepergroup.com or call 07525265604.
