

Blatchford

Graduate Orthotist - Carlisle

Blatchford is a multi-award-winning manufacturer of some of the world's most advanced prosthetic technology, bespoke seating solutions and orthotic devices.

Our evidence-based approach and commitment continuously challenge possibilities which ensure our mobility solutions prioritise our users' well-being and long-term health. Through science, technology, and maintaining a clear focus on people, we make mobility possible.

We currently have an excellent opportunity for an Orthotist to join our small dynamic team of Orthotists and Technicians dealing with a caseload covering general orthotics and paediatrics in North Cumbria University Hospitals, and other clinics throughout the region.

This role would be suitable for a recent graduate and we can offer support and mentorship from an experienced team of clinicians.

We would love to hear from you if you have a flexible approach and are enthusiastic about developing your career with an innovative, forward-thinking company. Within the clinic, there are ample opportunities to develop clinical specialisms in paediatrics, neurology, diabetic foot management and musculoskeletal medicine.

We can offer you a strong CPD programme tailored to your individual development needs, with support from a committed company and a focused team dedicated to improving patient care.

Cumbria is a great region to live and work in, boasting a high quality of life for its inhabitants.

With popular market towns, bustling city life and quiet scenic villages it has something for everyone. Within easy reach of Carlisle is the UNESCO World Heritage Lake District National Park with breath-taking scenery and opportunities for outdoor pursuits.

To be considered, you must be degree qualified in Prosthetics & Orthotics (or equivalent) and be registered with the Health & Care Professions Council (HCPC) in the UK. BAPO/ISPO membership is also desirable though not essential.

You'll also need a full driving licence or the ability to travel independently around geographically dispersed clinics.

We offer:

- A competitive salary
- Pension
- 25 days' holiday, increasing with service
- The support of an experienced team
- Dedicated CPD time
- Contributory pension
- Cycle-to-work scheme
- Relocation support may be available if required.

Closing date: 29th July 2022
