

Orthotic Technician

An exciting and rewarding opportunity has become available for an Orthotic Technician for the market leading Orthotic Company in Wales. Situated in the Welsh capital, Dacey Ltd are looking to recruit an enthusiastic individual who possess the following skills:

- Enthusiasm to learn
- Willingness to work with machinery
- Ability to follow written and verbal instruction
- Reliability
- Attention to detail
- Self-motivation
- Ability to communicate with others and preferably a member of BAPO

As part of the Dacey technical team, you will be rewarded with on-the-job training from supportive and experienced staff, the opportunity to learn new skills and the potential to become multi-skilled within the organisation, flexible working pattern and onsite parking for ease of commute.

Job Role

As an Orthotic Technician you will be assisting with the manufacture of Orthotic devices such as Plastic Orthoses and Orthopaedic Footwear for the next factory process to take place. You will be given full training and time to learn the position. If aptitude and commitment are demonstrated, then the opportunity to progress within the company may be viable and full support provided to assist you with learning new skills. This in turn will increase your financial package.

The Company

Dacey Ltd employ more than 100 staff and have facilities in Cardiff and Merthyr Tydfil. A rapidly growing company which has many NHS contracts and manufactures all Orthotic products at our Welsh facilities. Proudly assisting clients throughout the United Kingdom and Europe.

Applications

If you would like to find out more about this or other opportunities available within our expanding company, then please do not hesitate to contact: stuartrees@dacey.co.uk
