

## New Graduate Orthotist Positions in Leeds and Teeside

TayCare Medical Ltd is seeking to employ two highly motivated and enthusiastic graduate orthotists, keen to start their career with a trusted and caring employer.

TayCare is a family-owned business, based in Leeds, with a sole focus on Orthotics. Our workforce consists of more than 20 orthotists and 60 technicians who prioritise patient care and provide high-quality products. At TayCare we provide a full range of orthotic services and products, to both the NHS and our private patients. We operate nationally, with our factory in Leeds supporting our services by manufacturing excellent custom orthoses and footwear.

As a successful applicant, you will be based in one of the roles in either Leeds or Teeside. More details of the roles are available on request and will be provided at the interview stage.

As graduates, you will be involved in a variety of different hospital and community clinics. You will work alongside other AHPs, within multidisciplinary clinics, to allow you to develop confidence and clinical knowledge. Exposure to a broad variety of clinical conditions such as including MSK, neuro rehab/stroke, diabetic foot care, paediatrics and inpatient care, including spinal trauma will enhance your experience and understanding.

Our high-quality preceptorship programme, supported by NHS Trusts where we work, will consolidate good practice to enable you to deliver safe and effective patient care. You will be supervised by our experienced team of orthotists, during a period of structured support and development, so that you acquire the confidence and capability required to operate as an autonomous healthcare professional.

You will also receive support and learn from working with our skilled technicians, dedicated administration, and approachable, clinically-led, management team.

### **TayCare Medical Ltd offers:**

- Competitive Salary
- 25 days holiday entitlement plus Bank Holidays
- Fully funded travel allowance
- Dedicated Clinical Professional Development time
- Comprehensive training and development opportunities
- Scope for involvement in company projects

Before employment starts you will need to be HCPC registered, hold a full UK driving licence, and have completed an enhanced DBS check. BAPO membership is preferred.

We would welcome your C.V., with a covering letter, sent to [recruitment@taycare.com](mailto:recruitment@taycare.com)

**January 31st 2023 is our closing date for applications.**

We intended to offer interviews to selected candidates in both Leeds and Glasgow.
