

Orthotist - Steeper, Burton & Dudley Job Advert

Exciting opportunity for an Orthotist to join our established clinical team in Burton & Dudley!

An exciting opportunity has arisen for a motivated Orthotist to join our established clinical team in the Midlands area. The role provides an ideal opportunity for the successful candidate to further enhance their clinical skills and knowledge within MDT clinics and delivering innovative orthotic treatment solutions.

The role is based around 3 main hospital sites; Queen's Hospital, Burton; Russell's Hall, Dudley; and Samuel Johnson, Lichfield. In all hospitals we have developed strong MDT relationships including specialised clinics with diabetic, paediatrics, adult learning difficulties and spasticity to name a few. A solid, friendly clinical and administration team is present in all sites providing a caring, knowledgeable, and supportive network to optimise patients' clinical experience.

The applicant would benefit from support from a dedicated regional team and the opportunity for exposure to a wide range of development experiences across the regions. Opportunity for wider initiatives within the Steeper group company such as Best Practice Teams and Product Evaluation Groups are available to further enhance your orthotic career. CPD time will be provided for self-development and progression of the service to ensure we maximise clinical outcomes.

For an informal discussion or for more information, please contact James Wall via: james.wall@steepergroup.com

As part of your role, you will be expected to clinically assess and treat a variety of different conditions, using the full extent of your clinical knowledge and current evidence-based practice. Whilst clinical experience is preferred, graduates are also invited to apply and would benefit from the Steeper Preceptorship program.

If you care passionately about the service you deliver, act with integrity in ethical decision making and care about making a difference to patient's lives, then Steeper would be a great career opportunity as your next clinical role. Any successful candidate will receive a competitive salary based upon experience and will qualify for our employment benefits scheme. We may also ask you to be involved in wider company initiatives such as our Best Practice, Clinical Services, and Innovation forum groups, or assisting in new product development, meaning your career with Steeper could be broader and more dynamic than your clinical role alone.

If you would like to work with one of the largest groups of Prosthetists and Orthotists in the country, then please apply by sending your CV to hr@steepergroup.com
