

TayCare - Orthotists - South Tees Service

TayCare Medical Ltd has ambitious growth plans for the next five years, one of which is to be the leading supplier of orthotic products and services; a journey that will involve both clinicians and technicians working together. We are seeking highly motivated individuals, with a flexible approach and high levels of personal integrity.

We have an exciting opportunity for Orthotists to bring their enthusiasm to our dynamic, growing team. We are seeking expressions of interest from experienced Orthotists.

The roles are based at Teesside, within the James Cook University Hospital Trust. The Trusts service includes a wide range of district general and specialist services, such as neurosciences, spinal injuries, major trauma and vascular surgery.

There are two roles available to candidates.

- 0.4 WTE Orthotist – permanent position.
- 0.6 WTE Orthotist to cover maternity leave on a short-term basis.

These roles involve working within a variety of clinics, primarily based at a large regional trauma centre in Middlesbrough. Clinics include working in areas that include an MDT approach to the orthotic management of diabetes and paediatrics, complimented by a wide range of general out patient clinics, clinics located in schools and the daily management of complex inpatient cases.

A team of 6 Orthotists work closely, allowing mentorship, regular discussion and communication, to ensure the best patient care is provided. CPD time is built into the roles to allow for involvement in training and clinical projects of interest.

You will be responsible for maintaining a high standard of clinical work, developing a strong relationship with the multidisciplinary team and liaising with the technicians in our manufacturing facility, ensuring we maintain our high “right first time” target.

Successful applicants will implement suitable and effective orthotic treatment plans and agree outcome goals for all patients.

Applicants must have a good level of practical understanding to enable the full assessment and treatment of a variety of conditions including; diabetes, trauma (including spinal), MSK, paediatrics and neurorehabilitation. There will be further support available through your colleagues in the neighbouring hospitals and experienced clinicians from within the TayCare team.

As well as sufficient time allowed within the working week for CPD our orthotists can be involved in company projects, including, clinical, technical and IT development. There is potential to include new projects should candidates have a particular interest area.

In return for contributing to our high quality service your terms will include:

- Highly competitive salary;
- A car scheme or salary equivalent;
- Mileage allowance;
- Employer pension contributions;
- 25 days holiday entitlement, plus statutory bank holidays;
- Full contribution towards HCPC fees.

In addition TayCare offer:

- Freedom to expand your clinical knowledge and competences;
- Opportunity to support and train both new graduates and students on placement
- An experienced clinical team to share thoughts and ideas;
- A team of highly skilled technicians to support your custom-made requirements;

Essential requirements include:

- Orthotic qualification - BSc P&O or equivalent
- HCPC registration
- To successfully undergo an enhanced DBS check,
- Full UK driving license,
- The right to work in the UK.

Desirable requirements include:

- Membership of BAPO
- Evidence of either promoting or supporting the development of the profession.

If the idea of working for a caring and considerate family business that is constantly looking to develop within this sector appeals to you, please contact us by sending your details to recruitment@TayCare.com
