

ProActive Prosthetics

making more possible

Job Advert - Clinical Lead Orthotist, Leeds

ProActive Prosthetics is at the forefront of the orthotics manufacturing industry with a focus on the development of innovative orthotic products using digital workflows and 3D printing. With a clinic in Leeds linked directly to their manufacturing workshop.

Due to planned development, we have an exciting opportunity for an innovative, well-motivated and highly experienced Orthotist to join the Proactive Orthotics team.

Based at the ProActive Prosthetics private clinic in Leeds, the Clinical Lead Orthotist will lead and support the ongoing development of the orthotics clinic. They will also manage their own patient cases whilst working closely with the Crispin team to develop and implement new technologies into clinical practice that are currently expanding their Additive (3D printed) product portfolio.

Role and responsibilities include:

- Managing and supporting the ongoing development of the private orthotics clinic
- Building and maintaining relationships with case managers and solicitors
- Management of patient cases
- Working to the highest standard with responsibility for the complete process of patient care
- Participation as a key member within the MDT
- Liaising with case managers and solicitors about patient care
- Expert witness report preparation for Medico-Legal Cases
- Supporting marketing and business development opportunities
- As the team grows, mentoring and supervising staff

Required Qualifications and Experience include:

- Certified Orthotist, HND Orthotics, BSc Orthotics
- HCPC registered and preferably members of BAPO
- Proven practical experience of working as an orthotist, preferably in a private clinic
- Knowledge, experience and active interest in the latest orthotics products and techniques, including 3D printing
- Excellent organisational skills

About ProActive:

ProActive is a private clinic, established in 2001 by founder Richard Nieveen. ProActive has recently become part of the Ability Matters Group, the largest provider of prosthetics and orthotics in the UK and Ireland, that will provide further investment in the service to facilitate growth, whilst also ensuring that the patient-centred and friendly nature of the service continues to thrive.
