## Apprentice Orthotists

### North East and Essex Area

Peacocks Medical Group are a multi award-winning family-run company providing outstanding care in the national delivery of both clinical services and medical equipment to the NHS and the private sector.

An Apprentice Orthotist is a developmental role within the Peacocks Medical Group. Your role will be to support the Orthotics team with the delivery of the service whilst completing a Level 6 Apprenticeship qualification to become a registered professional.

As an apprentice, you will attend university to complete all required modules of study and undertake some clinical placements in a non-dominant discipline. The University will be the University of Derby and whilst most provision is online, students will be required to travel to Derby for one week out of the academic year. Accommodation for this week will be provided by the university.

PMG will support the successful candidate, resulting in them to be able to provide a high standard of Orthotic care to patients referred to the service. To work cohesively within the Orthotic team. To support the MDT, deliver evidence-based care and ensure the best possible outcomes for patients.

**The successful applicant must meet the essential criteria below:**

- Be able to produce certificates before interview, to evidence the Essential Qualifications listed in the PS.
- Have the right to live and work in the UK, in line with government apprenticeship guidance, sponsorship cannot be offered.
- Undertake enrolment activities with the HEI which includes interview, leading to a successful offer to study.
- Be able to start in the Trust in September 2024.
- Commit to study the full 3-year programme , which includes one week per academic year at the University of Derby-with student accommodation available.
- Willing to attend virtual university lectures one day per week. Attendance of training at the associated HEI is considered to be essential & annual leave must be arranged outside these sessions.

Failure to complete any aspect of the academic or clinical components within the set time scale will result in removal from the course.

If you would like to join a highly motivated and forward-looking organisation that are committed to your development, then we would welcome your application

**Position closes on Friday 17th May 2024**

**Send your CV & Cover letter today to begin your journey**
