

Job title: Orthotist

Location: London and Surrounding areas (OCS)

Opcare, part of the AM Healthcare, is the largest supplier of prosthetic and orthotic services to the NHS. As a company we aim to continuously improve the services we deliver and develop those who work for us.

Looking to take the next step upwards in your career pathway?

Looking to join one of the fast growing clinical service delivery companies in the UK?

Do you:

Want to join an organisation and team that believes in putting the patient first and focuses on improving the lives of individuals through innovation and service development?

Want to join a team that focuses on staff and people development?

Have access to innovative and emerging orthotic 3D print technologies?

Working at: London and Surrounding areas (OCS)

Opcare's London and surrounding area (OCS) covers 13 NHS Trusts, some of the most prestige trusts in London. This includes Great Osmond Street, The National Hospital of Neuro and Neurosurgery, UCLH and Chelsea and Westminster to name a few.

OCS runs some of the leading MDT clinic in the UK, from joint diabetic clinic with the leading international diabetic podiatry surgeon, complex neuro clinic at NHNN, scoliosis clinic, complex paediatric clinics at Great Osmond Street and complex KAFO clinics.

This dynamic range of extended practices and complex MDTs provides a great opportunity to be exposed to interesting and varied caseloads.

Job Summary:

We are currently seeking an experienced Orthotist who are looking for an opportunity to be develop their career and be a part of our large and dynamic team in London and Surrounding areas.

We can offer full time or part time job positions, in some of London prestige Hospitals.

We currently have a position in west London/Central London.

The role will involve working with a complex clinical case load, it will present exciting opportunities to develop clinical and leadership skillsets.

Due to working with some of London most prestige hospitals this opens the opportunity for career development, into specialist areas and leadership.

Key Responsibilities:

Some of the key responsibilities the role holder will have responsibility for:

- Ensure the delivery of high-quality care for all patients and the smooth running of the service
- Working closely with multi-disciplinary teams (MDT's)
- Inputting and leading on initiatives within the centre service development plan
- Conduct comprehensive assessment of patients to determine their orthotic needs
- Develop and implement personalised orthotic treatment plans
- Stay up to date with the latest advancements in orthotic technology and practices
- Provide excellent patient care, education, and support throughout the treatment process
- Assessing, measuring, casting, fitting, suppling, reviewing and adjusting orthoses as required
- Maintaining appropriate clinical notes

The role will be instrumental in helping to develop and implement service improvements for the betterment of patients in London and Surrounding areas (OCS)

The successful candidate will join an enthusiastic and busy team, and be supported with local, regional, and national training to develop their clinical skills to support the service. We aim to deliver a first class service for users whilst applying the most advanced and exciting clinical and technical solutions available to patients.

Qualifications:

Either:

- Certified Orthotist
- HND Orthotics
- BSc Orthotics

Must also be fully HCPC Registered and preferably a member of BAPO
