Working at: Great Ormond Street and surrounding area (OCS)

Great Ormond Street is one of the world's top 5 children's hospitals and one of the most technically advanced.

Since GOSH formation in 1852, the hospital has been dedicated to children's healthcare and is known as a centre of international excellence in child healthcare.

Working at one of our flagship centres, Great Ormond Street's dynamic range of extended practices and complex MDTs provides a great opportunity to be exposed to interesting and varied caseloads, with the opportunity to develop your career in spinal and SDR management.

Opcare's London and surrounding area (OCS) covers 13 NHS Trusts, some of the most prestigious trusts in London. This includes Great Ormond Street, The National Hospital of Neuro and Neurosurgery, UCLH and Chelsea and Westminster.

OCS runs some of the leading MDT clinics in the UK, from joint diabetic clinic with the leading international diabetic podiatry surgeon, complex neuro clinic at NHNN, scoliosis clinic, complex paediatric clinics at Great Ormond Street and complex KAFO clinics.

Job Summary:

We are currently seeking an experienced Orthotist who is looking for an opportunity to develop their career and be a part of our large and dynamic team in Great Ormond Street.

The role will involve working part of the week in Great Ormond Street, and part of the week in one of our other prestige trusts in London.

Great Ormond Street presents an exciting challenge, with a complex case load. Our clinician work as a part of a large Multi-disciplinary team including consultants, clinical specialist nurses, physiotherapists and occupational therapists.

The service runs, theatre, outpatients and ward-based clinics, while specialising in spinal and SDR patient care. We also run MDT reviews with the gait lab team.

This is an exciting opportunity for an experienced orthotist to develop their clinical and leadership skillsets

Key Responsibilities:

Some of the key responsibilities the role holder will have responsibility for:

- Ensure the delivery of high-quality care for all patients and the smooth running of the service
