

Job Advert

Prosthetic Product Manager, Leeds

Exciting opportunity for a Prosthetic Product Manager to join our established team!

We are pleased to share an exciting opportunity to join our Sales Team as a Prosthetics Product Manager, supporting and driving the growth of Steeper's prosthetic products across the UK.

Steeper Group is a true leader in the Orthotic, Prosthetic and Assistive Technology products. In the past 100 years we have grown to become one of the UK's largest suppliers. Steeper's vision is to create life's turning points, together. We aim to do this by delivering innovative prosthetic, orthotic and assistive technology products and responsive clinical services. In 2023, Steeper also became part of the Eqwal family, meaning you would not only be joining a leading UK Prosthetic manufacturer and distributor, but you would also be part of the 4th biggest P&O company in the world.

The Role:

This role offers the chance to make a significant impact by enhancing relationships with both internal and external UK customers through first-class product support. While strong clinical expertise is desirable as well as commercial awareness, full training will be provided – so previous sales experience, while beneficial, is not essential.

Responsibilities:

- Manage designated areas of the company's prosthetic product sales, delivering a professional, responsive, and proactive service to meet and exceed customer expectations.
- Participate in regular review meetings with internal teams (including Steeper Prosthetic branches) and external stakeholders as required.
- Focus on the promotion, support, and sales of Steeper's lower and upper extremity prosthetic components across the UK.
- Support the sales and distribution of the company's high-definition custom silicone products within the UK.
- Collaborate effectively with colleagues across Steeper to meet customer needs and ensure communications are handled professionally and efficiently.
- Develop and maintain strong relationships with key suppliers, supporting current operations and future opportunities.
- Be the point of contact for customer enquiries to ensure positive outcomes and customer satisfaction.
- Represent Steeper at UK exhibitions and conferences, delivering product presentations and workshops.

What we are looking for:

- Qualified Prosthetist, registered with the Health and Care Professions Council (HCPC).
- Excellent written and verbal communication skills, with the ability to engage confidently on technical, operational, and commercial matters.
- Full UK driving licence.
- A team player with a professional, collaborative approach and strong interpersonal skills.

- Commercially aware, with a positive, can-do attitude and a commitment to customer service.
- Demonstrates integrity, loyalty, and professionalism in all interactions.
- Committed to personal development and supporting the growth of the business.

If you would like to work with the largest group of Prosthetists and Orthotists in the country, then please apply by sending your CV to hr@steepergroup.com.
