

ORTHOTIST POSITION - NORFOLK AND NORWICH

TayCare Medical Ltd. is seeking to recruit a highly motivated and enthusiastic orthotist to strengthen our team in Norfolk. Applications from new graduates will be welcomed, and part-time work is an option. This is an exciting opportunity!

TayCare is a family-owned business focused on Orthotics and proudly celebrating 100 years in business this year. Our workforce includes 21 orthotists and over 60 technicians. We prioritise patient care, supported by the provision of high-quality products. At TayCare, we provide a full range of orthotic services to both the NHS and our private patients. We operate nationally, with facilities in Leeds and Birmingham, manufacturing the excellent custom orthoses and footwear that support our services.

As a successful applicant, your clinics will be based in Norwich and other NHS sites in Norfolk, working as part of an experienced team, with outstanding opportunities for learning and development. These clinics include complex scoliosis bracing and dedicated paediatrics, with more details available on request. You will work alongside other AHPs, within multidisciplinary clinics, covering a broad variety of clinical conditions, such as MSK, neuro rehab/stroke, diabetic foot care, and inpatient trauma.

TayCare will support you to gain the experience and confidence required, with supervision and support provided by our established team of orthotists. A high-quality preceptorship programme supports new graduates. Experienced staff have the opportunity to act as mentors and clinical educators. You will receive support and learn from working with our skilled technicians, dedicated administrators, and an approachable, clinically led management team.

Less than 2 hours from the capital, Norwich offers a fantastic balance between a lively cultural scene and a peaceful atmosphere. You get the advantages of a city—cafés, restaurants, theatres, independent shops, without the overwhelming crowds of larger urban locations.

Compared to London or Cambridge, Norwich is significantly more affordable. Housing, commuting, and everyday expenses are more manageable, which means your salary goes further. The coastline is less than an hour away, and the famous Norfolk Broads provide stunning natural spaces for weekend walks, cycling, and water sports.

In addition to a highly competitive salary, we offer our orthotists:

- 25 days holiday entitlement plus Bank Holidays
- Fully funded travel and car allowance
- Dedicated Clinical Professional Development time, including opportunities for development and a comprehensive training package.
- Scope for involvement in company projects

Before employment starts, you must be HCPC registered, hold a full UK driving license, and have completed an enhanced DBS check. BAPO membership is strongly preferred.

Please email both your C.V. and a cover letter to:
recruitment@taycare.com

August 15th 2025 is our closing date for applications.
