

# NO PATIENT-CENTERED CARE WITHOUT A QUALIFIED WORKFORCE

## A Work-Integrated Apprenticeship Model to Address the UK P&O workforce Gap

PATIENT-CENTRED CARE REQUIRES WORKFORCE CAPACITY

**BLENDED LEARNING**  
 Structured. Flexible. Accessible.

- ONLINE EDUCATION**  
Interactive, self-placed theory
- CLINICAL TRAINING**  
Hands-on modules in specialist settings
- MODULAR CURRICULUM**  
ISPO-aligned, progressive and easy to integrate

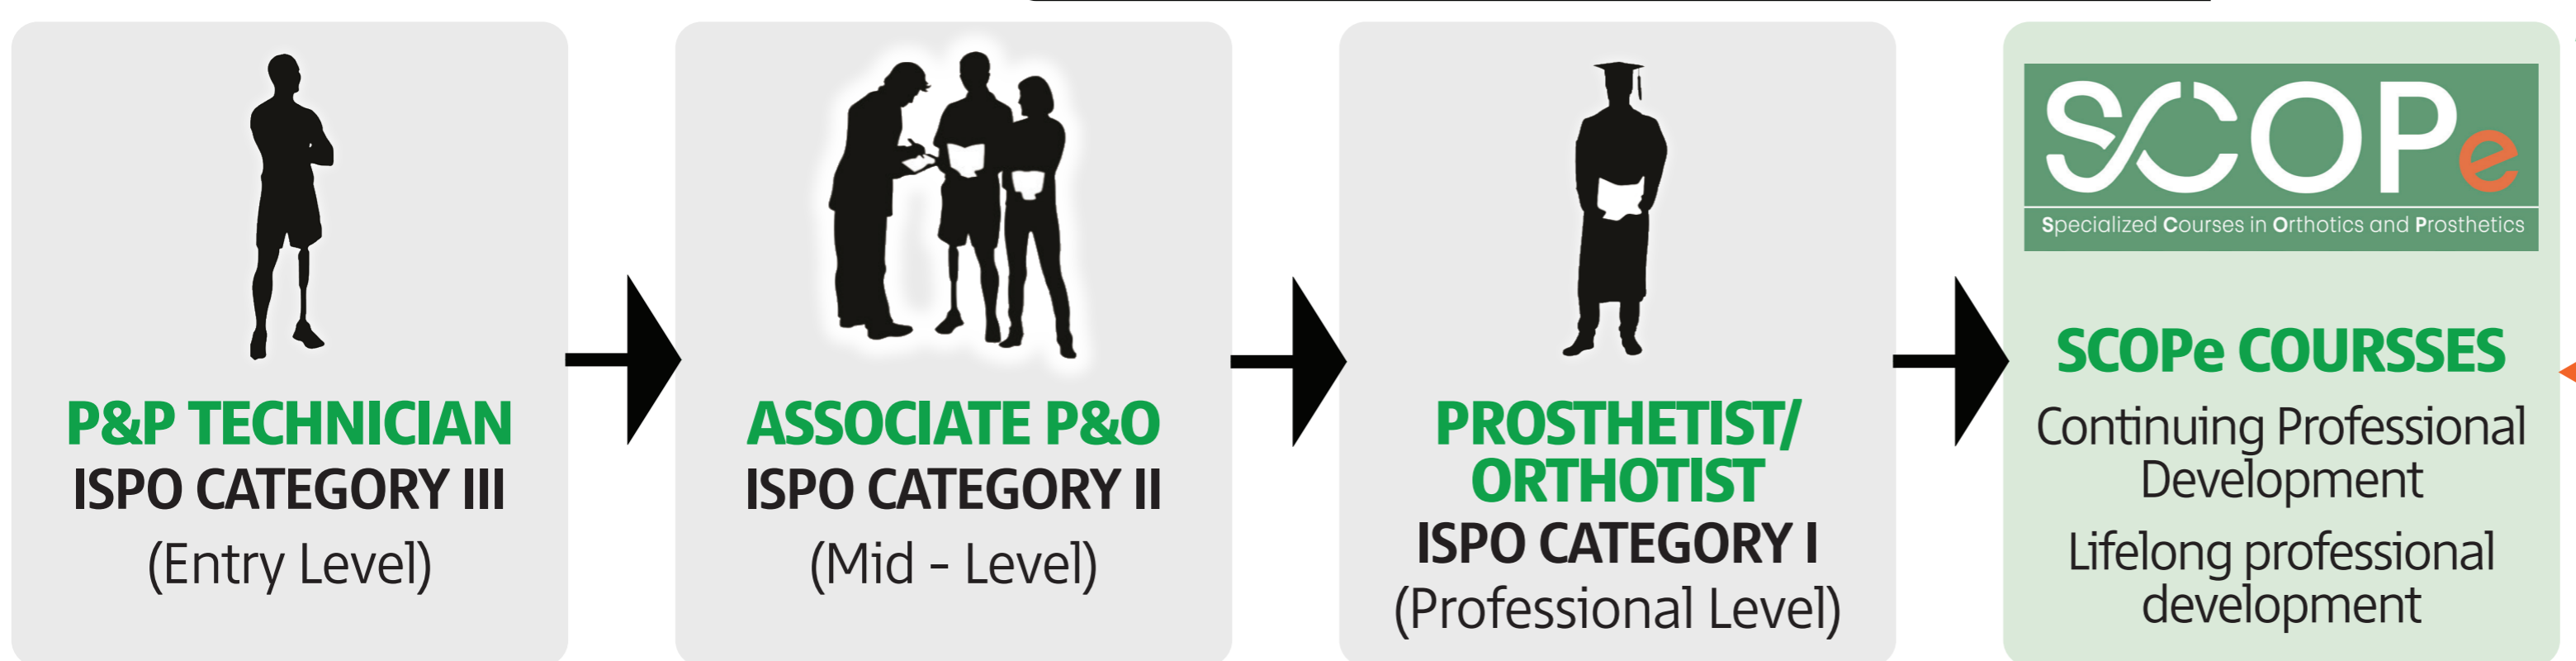

**FLEXIBLE - SCALABLE - ACCESSIBLE**

**WORK-INTEGRATED APPRENTICESHIP**  
 Education + Experience in Parallel

- EMBEDDED IN EMPLOYING ORGANISATIONS**  
Learning where services are delivered
- REAL PATIENT EXPOSURE**  
Continuous, supervised clinical practice
- MENTORSHIP & SUPPORT**  
Guided by experienced professionals

**WORK - LEARN - APPLY**

ISPO-ACCREDITED EDUCATION PATHWAY  
 DELIVERED ACROSS ALL LEVELS BY HUMAN STUDY

**APPRENTICESHIP ADVANTAGE**

- ✓ No training-practice gap
- ✓ Continuous clinical exposure
- ✓ Immediate readiness
- ✓ Workforce stays active

**NOT JUST TRAINED. ALREADY EXPERIENCED.**

ONE SYSTEM. ALL QUALIFICATION LEVELS. FULLY INTEGRATED.

### WHY THIS MATTERS

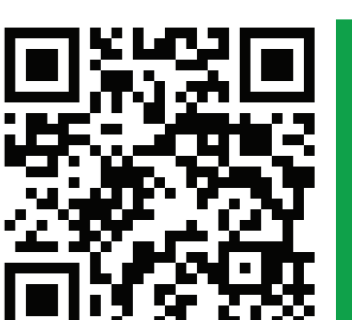

- EXPANDS THE WORKFORCE** without removing professionals from service
- ALIGNS EDUCATION** with real system needs
- BUILDS CAPACITY** within existing providers
- SUPPORTS SUSTAINABLE** workforce development

THE LIMITING FACTOR IN PATIENT-CENTRED P&O CARE IS NOT TECHNOLOGY - IT IS WORKFORCE CAPACITY. WORK-INTEGRATED EDUCATION IS THE KEY.
