

Job Advert - Paediatric Orthotist, Orthotic Solutions, Dublin

Orthotic Solutions is a leading provider of spinal bracing services in Ireland and is also recognised for delivering high-quality paediatric lower limb orthotic care. We work in close collaboration with Ireland's largest children's hospital, providing a comprehensive range of orthotic solutions for a wide spectrum of childhood conditions.

We are currently seeking a motivated and skilled Orthotist to join our Dublin-based team. The ideal candidate will have experience in the management of spinal conditions; however, we also welcome applications from orthotists with a strong background in lower limb paediatric orthotics who demonstrate a keen interest in spinal bracing.

We are proud partner of the specialist German company, Neja, working closely with them to provide our spinal bracing service. Training will be provided to develop or enhance spinal orthotic skills.

We foster a patient-first environment, supporting our clinicians with the time, resources, and ample opportunity to give the best possible service to our patients. Our clinicians have the support of skilled technicians in a fully equipped in-house workshop.

Candidates must be eligible to work in Ireland without the requirement for employment permit sponsorship.

We offer a competitive salary, reflective of skills and experience.

Applicants must be HCPC registered & preferably members of BAPO.

Please email your cv and supporting documentation to:
recruitment.orthoticsolutions@gmail.com

We look forward to hearing from you.

Closing date for applications is 19th June 2026
