Job Advert Steeper Prosthetist - Portsmouth

Prosthetist – Portsmouth

Steeper Group is a true leader in the Orthotic, Prosthetic and Assistive Technology products. In the past 100 years we have grown to become one of the UK's largest suppliers. Steeper's vision is to create life's turning points, together. We aim to do this by delivering innovative prosthetic, orthotic and assistive technology products and responsive clinical services.

We have an exciting opportunity for a new Prosthetic clinician to join our existing team in the vibrant coastal city of Portsmouth. Portsmouth has easy transport links to London and is situated close to the Isle of Wight with access to the countryside (South Downs) within 30–40 minutes for hiking, cycling, and weekend trips. The city has a combination of historic attractions, a vibrant social scene and holds regular arts, music, and sporting events.

The Role:

A prosthetist designs, fabricates, and fits artificial limbs (prostheses) for patients who have experienced limb loss due to congenital conditions, amputation, or injury, helping them to regain mobility, function, and independence. Their role involves assessing patient needs, working with technicians to create custom-fit devices, and providing follow-up care to ensure proper fit and function.

Responsibilities:

Promote high standards of care to service users across a broad range of amputation levels. Act in a professional manner to colleagues, service users and their families at all times. Assess, measure, cast, fit, deliver, supply, review and adjust prosthesis as required across a range of amputation levels, both upper and lower extremity. Cast and rectify models in a timely fashion using both traditional methods and CAD/CAM where appropriate.

Manage the patient's case, including patient expectation, ensuring the individual's needs are respected and ensuring the patient is informed throughout the process with clear explanations of proposed interventions.

Work within the parameters of accepted "best practice" at all times using evidence-based practices to ensure that all aspects of practice conform to clinical governance.

Work as part of a multi-disciplinary team to ensure the most appropriate and effective treatment for service user. Support colleagues and the wider MDT through collaborative working. Support student and apprenticeship clinicians by sharing learning experiences and mentorship.

What we are looking for:

HCPC registered prosthetic clinician with some clinical experience desirable
Experience in lower limb prosthetics and upper limb prosthetics prescribing
BSc Hons in Prosthetic and Orthotics or equivalent, required to qualify for HCPC registration

Good computer skills and presentation skills

Experience with Word, PowerPoint, Excel and other MS Office products

Experience with Cad system desirable
Good communicator
Any other relevant qualifications or professional memberships

What we offer in return:

- o Competitive salary
- o Incremental holiday allowance (rising with service)
- o Employee discount platform
- o Employee Assistance Programs
- o Qualification support
- o Flexible working
- o Refer a friend incentive
- o Cycle2work scheme
- o Subscription and registration fees paid e.g. HCPC
- o Continuous professional development plans with internal and external training and courses available

If you feel you have the necessary attributes to be considered for the above position, to apply, please complete an application form (available on our website) or submit your CV to hr@steepergroup.com

Due to the high volume of applications we anticipate we will receive for this role, in the event you have not heard from us within 14 days, we regret to inform you that you have been unsuccessful in your application.
