

Job Advert

Band 7 Clinical Orthotist

University Hospitals Birmingham Heartlands Solihull, and Goodhope Sites

Job summary

Are you looking for a new and exciting opportunity to develop your career as part of an experienced Senior Clinical Therapy Team in Orthotics? Would you like to contribute to the leadership and profile of our forward thinking interdisciplinary Therapy Directorate?

If you are an HCPC registered Orthotist with a passion for delivering highly efficient and effective services, this would be an ideal opportunity for you.

One site would be allocated as your main base, with cross site cover needed.

Job role

- To lead within the Orthotics Team under the direction of the MSK Therapy Lead, providing specialist assessment, treatment, and management of patients with complex physical and psychological presentations. Effectively manage a diverse caseload, balancing service delivery, patient needs, and professional priorities.
- Lead, supervise and participate in evidence-based audit, research, and service improvement activities.
- Use advanced communication skills, including persuasion, negotiation, and motivation, to address concerns, manage informal complaints and overcome barriers to communication.
- Communicate effectively with patients, carers, multidisciplinary teams, and external agencies to maximise rehabilitation outcomes and ensure understanding of conditions, treatment plans, and the therapeutic process.

Demonstrate empathy, reassurance and sensitivity when supporting patients, families, and colleagues.

- Demonstrate excellent people skills, negotiating priorities and maintaining effective working relationships.

Applicants must be HCPC registered and preferably members of BAPO.

Interviews will be scheduled on Friday October 2ND 2026 at Goodhope Hospital site.

For an informal discussion or further information please contact:
