Regional Clinical Specialist

Scandinavia

Blatchford is an innovative, multi-award-winning, global, manufacturer of some of the world's most advanced prosthetic technology, bespoke seating solutions and orthotic devices.

Our evidence-based approach and commitment to continuously challenge possibilities ensures our mobility solutions prioritise the wellbeing and long-term health of our users.

Through innovation, science, technology, and maintaining a clear focus on people, we make mobility possible.

We continue to have ambitious growth plans and are looking to expand our Education Team Europe. We have an exciting opportunity for a **Regional Clinical Specialist - Prosthetics** for the Scandinavian regions. Focus markets are Norway, Sweden and Denmark.

If you are a qualified **Prosthetist** looking to move into a training and education role, we want to hear from you.

*****Relocation support available*****

The role:

As **Regional Clinical Specialist - Prosthetics**, you will lead all training activities in the Scandinavian markets & provide on-site and digital technical training to Blatchford customers and product users.

Our customers and their needs are our top priority. In this role, you will serve as the primary point of contact for technical inquiries. The focus is on enhancing the expertise of our network to ensure optimal use of our products.

Key duties:

- Planning, conducting, and following up on technical training sessions and product demonstrations for existing and new products for customers, healthcare professionals, users, and Blatchford employees

- Creating and managing training materials for training purposes (in-person training and digital formats)
- Developing ideas and concepts for new training formats (blended learning)
- Conducting and teaching training & certification courses both face-to-face and digital
- Providing advice on prosthesis construction and the use of Blatchford products
- Answering complex and technical product-related questions from our customers
- Representing Blatchford at external events, such as trade shows

What are we looking for?

As **Regional Clinical Specialist – Prosthetics**, you will have the following.

Key skills

- Relevant clinical Prosthetist certification
- Experience in a prosthetic clinical environment
- Experience in orthosis fabrication is an advantage
- Norwegian or Swedish language is advantageous but not essential
- Fluent in English
- Strong communication and presentation skills
- Ability to work independently and good organisational skills
- You are familiar with standard Office applications (Outlook, PowerPoint, MS Teams)
- Willingness to travel (80%)

What can we offer you?

As **Regional Clinical Specialist – Prosthetics**, you will receive the following.

Benefits

- Competitive salary
- Car allowance
- Relocation support available
- Pension
- Healthcare
- Autonomy and flexible working

This is a fantastic opportunity to be part of an award-winning organisation with a culture that centres around our core values, courage, learning, integrity, collaboration, and innovation

If you feel you have the skills and experience to be considered for this **Regional Clinical Specialist - Prosthetics** role, please apply via the following link [Regional Clinical Specialist - Prosthetics | Dayforce Jobs](#)

Closing date: 23rd October 2026
