## The Children's Hospital at Westmead - (Australia)

### Head of Department - Orthotics

#### Head of Department - Orthotics

The Children's Hospital at Westmead (Sydney, Australia)

**Employment Type:** Permanent Full Time

**Position Classification:** Orthotist / Prosthetist Level 6

**Remuneration:** \$151,736 - \$155,492 AUD full time equivalent base salary range (+12% super + 17.5% leave loading and salary packaging)

**Hours Per Week:** 38

**Location:** Westmead (Sydney, Australia)

The Children's Hospital at Westmead is looking for a passionate leader to develop our paediatric orthotics department for the future of children's healthcare. You will be managing 15 FTE staff including orthotists, technical staff and allied health assistants to provide Orthotics services to children and young people aged 0-18 years from across New South Wales.

***At the Sydney Children's Hospitals Network, every role helps children and young people live their healthiest lives. As the largest paediatric health service in Australia, we care for thousands of children each year, in hospital and at home. Our people are united by compassion, collaboration and excellence in care.***

#### About You

Bachelor degree in prosthetics/orthotics which provides eligibility for membership of the Australian Orthotic and Prosthetic Association. Overseas

applicants will need to have their qualifications assessment with AOPA in process for consideration for the role.

Extensive orthotic experience in hospital and acute care settings, preferably working with children

Demonstrated ability to manage and lead clinical teams, including highly effective communication and interpersonal skills

Demonstrated involvement in strategic planning, implementing and evaluation of services

A commitment to continuing professional development, evidence-based practice, quality improvement and research

### How to Apply
