Streifeneder ortho production

Since 2025, Streifeneder ortho.production has been part of the Össur group of companies.

Streifeneder is a leading supplier of materials and equipment, offering everything from plastics, silicones, adhesives, and scissors, to power tools, ovens, sanders, and dust extractors.

The product range complements the existing Össur portfolio which means that Össur can now provide an easier and more efficient buying process combined with that same high level of customer service, and an easy working relationship.

Every Streifeneder purchase is guaranteed to include:

- High-quality materials
- Competitive pricing
- Reliable support

To see the extensive product range, or request samples, please contact Giles Leeming on
